

REAR CROWD
HEARS TESTIMONY
IN LUSK TRIAL

Star Witness for State
Takes Stand in Wau-
kesha Murder Case

WAUKESHA, Wis., May 16.—David Roberts, present only a witness while Grace Lusk takes the jury charged with the murder of Mrs. Mary Newman Roberts, sat with bowed head today as he heard himself assailed by witnesses and counsel as the alleged deceiver of two women—his dead wife and the other a trial as her slayer. In the courtroom which was crowded to overflowing, sat Mrs. Gretha Newman, mother of Mrs. Roberts. Just across the room sat A. P. Lusk, the aged father of the defendant who remained at his daughter's death throes the day. While Miss Lusk shielded her eyes with the rim of her hat, Henry Lockney, attorney for the defense in his opening address to the jury told the story of her life, of her girlhood in the village of Stoughton, her ambition to become a teacher and her struggle to win a degree from the University of Wisconsin which resulted in a nervous breakdown just before she met Dr. Roberts in 1914.

"She was clean and pure, and with an untarnished reputation," he declared. "Dr. Roberts was one of the wealthiest men in Waukesha, a man of standing and a church member. He represented himself to her as a desolate, lonely married man and so won her affection. She asked him if he loved more for her than he did for his wife and he replied:

"I care 10,000 times more!"

Dr. R. E. Davies, star witness for the state, testified he was called to the home of Blanca Mills, where Miss Lusk was rooming, June 21, 1917, by a telephone message from Dr. Roberts. There he found Mrs. Roberts dead in the bed with two bullet wounds in her body.

Going to a back stairway, he testified he saw Mrs. Lusk standing at the head of the stairs with a pistol in her right hand and her left hand covering a widening stain on her white waist from a wound near her heart. Refusing to allow him to come up to treat her, she dictated the following statement:

"Dr. Roberts told me again and again that he loved me and only me. He said that he and his wife never cared for each other. He swore that he would tell her before the 15th of June and divorce her on a Bible. I told him that if he did not care for me, we would end it all. Last night he told me again he loved me. I told him that he must tell her as it was the only honorable way. This morning I called him on the telephone and he told me he had told his wife that I had been chasing him and that I was the damnest fool that ever lived. She called me every name. I love him so dearly."

Later, Dr. Davies said, she asked him if the wound she had inflicted on herself was thru the heart. He replied it was not and then felt for the beating of her heart with her left hand and, raising the pistol, fired again. When Dr. Davies reached her side she asked her why she had shot Mrs. Roberts and believing she was dying she replied:

"She drove me to it. She called me such awful names."

And then after a brief pause she murmured:

"The strangest thing is that I love him still."

L. D. Blott, a business associate of Dr. Roberts, testified that on the day of the tragedy, Mrs. Roberts called at her husband's office and that the doctor attempted to get her to postpone a proposed visit to Miss Lusk. He quoted Mrs. Roberts as saying that she had heard of "the doctor's carryings-on with the school teacher and wanted to settle the matter at once."

Walter D. Corrigan in his opening statement to the jury for the state depicted Miss Lusk as planning to separate Dr. Roberts from his wife, that she might marry him herself and declared the prosecution would prove that the shooting was done with malice and premeditation.

Mr. Lockney, referring to the same subject said that the two had often met at places outside of Waukesha and outside of the state of Wisconsin.

WINS CHAMPIONSHIP EVENT.
Kansas City, May 16.—George Nikolai of Kansas City, by breaking 97 out of 100 targets won the Missouri Interstate Championship feature event of the Missouri state trapshoot which closed here this afternoon. Nikolai now becomes eligible to compete in the Grand American Handicap in Chicago the first week in August.

PROHIBITION BILL.
Washington, May 16.—Prohibition for Hawaii is provided for in a bill passed today by the senate without a roll call. It now goes to the house.

BULLETINS

LONDON, May 16.—Field Marshal Haig's report from British headquarters in France tonight says:

"Beyond artillery activity on both sides particularly on the battle front north of the river Lys there is nothing of special interest to report."

VIENNA, May 16.—Bitter fighting between the Brenna and Piave rivers on the Italian front is reported in the official statement issued today.

"Between the Brenna and the Piave several Italian reconnoitering thrusts were repulsed. As a result of these attacks, hand-to-hand fighting developed on Monte Asolone and Monte Pertica."

WASHINGTON, May 16.—The Steamship Zaanland, one of the Dutch vessels recently requisitioned by the United States government, was sunk in a collision at sea May 3. The navy department tonight announced that all on board were rescued and will be returned to this country. The vessel was a cargo carrier of 8,700 deadweight tons, manned by the navy for army purposes.

WASHINGTON, May 16.—A Moscow despatch today to the state department said Germany had given assurance to the Russian Soviet government that German armies would advance no further into Russian territory.

CHICAGO, May 16.—Jess Willard, world's heavy-weight champion pugilist, has given up his Chicago home and left today by motor for his farm near Lawrence, Kans., where he said he intends to spend the rest of his life. "The public does not want to see me defend the championship during the war," the champion declared before he departed. "The Fred Fulton match is off and there may never be another. I am making no definite statement about retiring but that seems the probable outcome of the present situation."

COLUMBUS, O., May 16.—Rev. Dr. J. Frank Smith of Dallas, Texas, was elected moderator of the general assembly of the Presbyterian church of America at its 139th annual session here today.

LONDON, May 17.—Thirty-seven German airplanes, 25 of which were destroyed were accounted for by British airmen Wednesday. The official statement on aerial operations tonight reports a marked increase in the activities of both aerial forces on the western front. The British continue to bombard railway stations and billets behind the German lines.

LOS ANGELES MINISTER
ELECTED MODERATOR

Rev. C. H. Walton Is Chosen Moderator of Cumberland Presbyterian Church—Sessions Being Held at Dallas, Texas.

Dallas, Texas, May 16.—The Rev. Charles H. Walton of Los Angeles was elected moderator of the Cumberland Presbyterian Church at the first day's session of the eighth general assembly of that body here today.

A resolution adopted today provided for the appointment of a committee to prepare a message of confidence and encouragement to President Wilson and also to prepare a message to men of the Southern Presbyterian church urging upon them their duty to God and their country. The committee was appointed and will report later.

The report on foreign missions presented by Rev. Dr. W. E. Smith showed that during the past year the mission work of the church had broken all previous records in the east of the work.

The effect of the war and the impulse of patriotism were plentifully in evidence both in the assembly and the thirty-eighth annual missionary convention of the Cumberland Presbyterian women which also is in session here. Principal business discussions today in the general assembly had to do with the proposed establishment of endowments of \$500,000 for a literary college and \$200,000 for a theological seminary.

A patriotic service was held tonight the feature being the dedication of a service flag for the entire Cumberland Presbyterian denomination. The general assembly will conclude its sessions Saturday.

Preliminary rounds in the golf and tennis meets are to be played tomorrow and the semi-finals and finals Saturday morning. The track and field games will be held on Bradley field Saturday afternoon.

Colleges and universities entered are Illinois Wesleyan, Illinois Normal, Millikin, Illinois College, Augustana, Hedding, Charleston Normal, Blackburn, Bradley, St. Viator, Eureka, William and Vashut, McKendree and Carbonale Normal.

RUSSIANS BLOW
UP SUBMARINES
BEFORE RETREAT

Destroy Their Four U.
S. Submarines and Sev-
en British Subs

LONDON, May 16.—Russian naval officials blew up their four American submarines before retreating from Hango, in southwestern Finland, last April, the British admiralty announced tonight. Seven British submarines also were destroyed when the German naval forces and transports approached Hango. None of the British vessels fell into the hands of the enemy the admiralty announced.

The seven British submarines were destroyed during the five days from April 3 to April 8. The admiralty says the project of blocking the harbor by sinking ships in it had been rejected by the Russian admiralty commanding in chief. The effect of the destruction of the British submarines upon the crews of merchant vessels, was however, the statements says, excellent and induced the destruction of many ships which would otherwise have fallen into the hands of the enemy.

"The guns at and near Hango," the admiralty announcement says, "had already been dismantled and upon the appearance of the German forces the Russians retreated from the vicinity after blowing up their four American submarines. Four British submarines of Class E were taken outside the harbor of Helsinki on April 3 and blown up and sunk. Three C-boats were demolished between that day and April 8. Their crews were removed to Petrograd."

Were Frozen Fast.
London, May 16.—All British submarines in the harbor of Helsinki were destroyed when the German naval forces approached the city because it was impossible to get them away, owing to the fact that they were frozen fast, according to an admiralty statement this evening. The submarines, which had been operating in the Baltic since the early part of the war were blown up, together with their stocks of torpedoes, ammunition and other materials. Their crews have arrived in England, having traveled by way of Mourmansk.

PASSES BILL GRANTING
POSTAL WAGE INCREASES

Post Office Appropriations Message Carrying \$381,000,000 an Increase of \$17,300,000 Over House Bill Is Passed By Senate.

Washington, May 16.—The postoffice appropriation bill granting wage increases to postal employees and authorizing federal acquisition of the pneumatic mail tube system in six of the largest cities of the country was passed by the senate late today with a record vote. The bill provides for appropriations of \$381,000,000 an increase of \$17,300,000 over the house bill.

During debate today several senators attacked the proposal to suspend the second class mail increases. Senator Gronna of North Dakota, Republican, said the increase in postal rates would be an injustice to small newspaper publishers and that all of them do not oppose it, while Senator Hardwick of Georgia, Democrat presented a resolution of the Missouri Press association favoring the increase. Under the bill as adopted city mail carriers, clerks and other postal employees would be granted an increase in pay of \$20 a year while rural carriers would receive an increase of 20 per cent over their present salaries. Overtime pay for postal employees also is provided in a committee amendment which the senate accepted today 26 to 21, after it once had rejected it. The senate retained house provisions appropriating \$11,000 for experiments in airplane mail service between cities to be designated by the postmaster general and fixing the postage cost of such mail at 24 cents an ounce.

**BUYS THRIFT STAMPS
WITH 10,000 PENNIES**

DECATUR, Ill., May 16.—T. L. Corley walked into a Decatur bank today carrying a large bucket filled with Lincoln pennies, about 10,000 of them. The pennies are all of the first issue and Corley has been collecting them for years paying as much as 10 cents apiece for them. He disposed of them all for face value, purchasing thrift stamps.

FARMER'S WIFE
TAKES OWN LIFE

BURLINGTON, Ia., May 15.—Mrs. L. B. Shaw, aged 28 years, wife of a prominent farmer of Louisa county, committed suicide by shooting herself through the head with a rifle.

Grief over the death of one of her children is thought to have unsettled her mind.

**Seek to Evade
Military Service**
Head of American League Com-ments on Major League Players Who Have Sought Employment in Ship Yards.

Chicago, May 16.—Baseball players who have sought employment in ship yards and other war industries in an apparent attempt to evade military service "should be yanked into the army by the coat collar," President Pan John-son of the American League said tonight.

President Johnson said he had taken up question with Charles M. Schwab, who is in charge of the government's shipbuilding program and that the latter assured him that no overtures would be made to players in Class A-1 to engage in shipbuilding work. The American League executive also said he would take up the issue with other government officials to learn if the players now engaged in the ship building and other war industries have been granted exemption from the selective service law.

Joe Jackson, star outfielder of the Chicago club is the latest American league player to engage in the shipbuilding industry. When informed by his exemption board in Greenville, S. C., that he had been advanced from Class 4 to 1, Jackson went to work in a plant at Wilmington, Del.

"The American League has lost more than seventy players in the draft and military service," he said, "and the enlistment and ex-pense to lose more, but does not approve of players trying to evade military service." President John-son said, "Some of them appar-ently have been badly advised."

ITALIAN CARRY OUT
OFFENSIVE OPERATION

Troops Enter Austrian Trenches at Two Points on Monte Asolone Between Brenna and Piave Rivers.

Rome, May 16.—Italian troops carried out an offensive operation yesterday in which the Austrian trenches on Monte Asolone between the Brenna and Piave rivers were entered at two points. The Italians inflicted heavy casualties and took prisoners.

The statement reads:

"Our infantry and assault detachments entered the enemy trenches on Monte Asolone at two places. A portion of the garrison was killed. The survivors fled, leaving a few prisoners in our hands. British patrols raided the enemy position at Canov capturing an officer and a few men."

Various attempts by the enemy to approach our advance line in the Rosae Vaey at Fortin in the Posina Valley and on Col di Chele failed.

"In the Lagarina and Arsa Valleys and on the Asiago plateau there was increased artillery activity on both sides."

NEGRO CHARGED
WITH DESERTION

ROCK ISLAND, Ill., May 16.—Wearing a suit of overalls over his army suit, Elijah Ellison, an Alabama negro, was arrested here last night on the charge of desertion, was turned over to the Rock Island Arsenal authorities today. The negro claims that he had no intention of deserting. He told federal authorities that he left Camp Dodge, Ia., last week for a trip to his home at Holly-wood, Ala., and that he was wearing his uniform so he would not be regarded as a deserter. He said he put on the overalls only to keep his army suit from getting soiled.

Arrested with Ellison was another negro named Charles Taylor, who is said to have purchased the overall suit for the soldier and to have made the trip from Des Moines, Ia., to this place with him. He is being held by the federal authorities on the charge of assisting a soldier of the United States army to escape camp.

FOUND NOT GUILTY.

Chicago, May 16.—Francis A. Becker, formerly a member of the Republican state committee and political leader in the 21st ward charged with conspiracy in the collection of graft for the protection of resorts was found not guilty by a jury in Judge Kavanaugh's court today. The jury deliberated several hours.

APPLY FOR PAPERS.
Springfield, Ill., May 16.—Ap-plication for incorporation papers was filed here today by the re-tary of state by Cash Coal com-pany of Quincy, capitalized at \$20,000.

OFFICIAL COMMUNIQUE
FROM GEN. PERSHING

War Department Makes Public Reports Giving Information of the Activities of the American Troops.

Washington, May 16.—The war department today made public an official communique from General Pershing in two sections, the first repeating a communique that came in press cables this morning and the second giving additional information of the activities of the American troops.

The text of the first section follows:

"North of Toul and in Lorraine there was a marked increase of artillery activity on both sides. Today two of our aviators brought down three German machines. There is nothing else of importance to report."

The second section said:

"In Lorraine May 12, three snipers scored of intelligence service went out in camouflage sniping suits to find German snipers and encountered 18 of the enemy at strong point near a dugout. They shot four, one of whom appeared to be the officer, secured valuable papers and retired under heavy fire. One failed to reach our lines and the major command-ing the sector sent three officers and four men to find him."

This patrol also penetrated the enemy's line and reached the strong point attacked by first patrol. Here the enemy was now enforced and our patrol was driven back by hot rifle and grenade fire. On reaching our lines one man of this patrol was also found missing. Two officers who went out to find him killed an enemy scout and brought back body for identification purposes. The man missing from the second patrol has not been found, but the third intelligence scout of the first party has returned. On May 12 three officers of our aviation forces were cited in orders by the command-ing general of a French army corps and decorated with the Croix de Guerre."

Major Ralph Royce of Hancock, Mich., for making first American reconnaissance over enemy's lines and for always setting fine exam-ple to his squadron; First Lieuten-ant R. Gardes of New York, pilot and Second Lieutenant Paul D. Meyers of Milwaukee, observer, for an infantry liaison mission on April 12. Flying at 300 meters they finished their mission in spite of intense fire from enemy machines and anti-aircraft guns.

North of Toul on the afternoon of May 14, Lieutenant Angel and Lieutenant Emerson were killed by a fall within our lines in an observation plane in which they were flying. The accident took place within a cloud and the par-ticulars are not known. North of Toul, our aviators today brought down three German two seated machines, one of our aviators bringing down two and another bringing down one.

Expect Daily Report
Washington, May 16.—Publica-tion of the first American "official communique" prepared at expedi-tionary headquarters in France began what is expected to be a daily report to the American peo-ple on what their soldiers abroad are doing.

In giving out the statement, Secretary Baker could not say defi-nitely that one would be forthcom-ing daily hereafter. That rests with General Pershing. As to the military situation in the two sec-tors held by American troops, the communique was brief. Increased ar-tillery activity, of both sides, both north of Toul and in Lor-raine were noted with comment "nothing else of importance to re-port." Most of the statement was devoted to official accounts of the daring and enterprise of American officers and men in scouting and raiding operations and in the air.

Designation in the communi-que of the flight for which Major Ralph Royce was decorated by the French army corps commander, as the "first American flight over the enemy's lines" was taken here as an announcement that a com-plete American air squadron is now operating at the front.

IMPORTANT WITNESS
IN STRAUSE TRIAL

PEORIA, Ill., May 16.—Charles Kahler, a chauffeur who sum-moned police aid following the shooting, was the most important witness for the state this after-noon in the trial of Edgar A. Strause for the murder of Berne M. Mead, cashier of the State Sav-ings & Trust Bank. He testified to seeing Strause enter one of the teller's cages in the bank just af-ter the shooting. Altogether nine witnesses were examined today but their testimony was largely in the nature of corroboration of previous testimony. None of the witnesses today was subjected to a severe cross-examination. The state expects to rest its case by to-morrow evening. So far the de-fense has refused to make any statement of its plans.

LABOR DELEGATION
RECEIVED BY KING

LONDON, May 16.—The Amer-ican labor delegation was received by King George at Buckingham Palace today. The visit lasted an hour.

BANK ROBBERS.
Chicago, May 16.—Police au-thorities tonight received a tele-gram from Madison, Ill., to watch for four men in an automobile which was stolen in Chicago and who escaped after the crew of that vessel had been ordered interned, was captured at Carroll, Ia., by federal agents from Des Moines.

This was learned here today up-on the arrival of a presidential warrant ordering Greenburg's in-terment for the duration of the war.

The German sailor had been in Nebraska and went to Carroll when, he says, he was threatened with mob violence if he did not subscribe to the Red Cross. Fed-eral agents charge him with mak-ing pro-German statements.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Among the rugged peaks of the Asiago plateau east of Branta river, the Italian front has again flamed into violent action. The aggressive has been taken by the Italians, however, and the Austro-German forces instead of launching their long expected as-sault on the Italian lines have been compelled to fight hard to maintain the positions where they have stood since last November. The fighting seems to have centered on the comparatively short section of the battle line between Monte Asolone and Monte Pertica. These two heights about three miles apart, rise to an altitude of about five thousand feet while between them there is a sort of "saddle" on which the teutonic forces have taken up strong positions. Both Vienna and Rome official statements tell of bitter fighting on this particular front the latter stating that the Italian soldiers have entered Austrian trenches on Monte Asolone in two places.

The fact that the Italian ar-mies have taken the initiative in the fighting would seem to indicate that they have sought to carry the fight to the enemy in such a way as to break up any arrangements for the launching of a strong teutonic assault. This theory is present in the present war, a strong offensive at a threatened point being con-sidered the best defense under certain circumstances. While the fighting has been very fierce east of the Brenna, the whole Italian line from Lake Garda to the Piave and thence to the sea has been marked by patrol engage-ments which appear to be iso-lated actions, but which may be component parts of a plan of campaign in that theater of the war. Nowhere have the Italian lines been reached by attacking parties of Austrians.

In Flanders and Picardy only heavy artillery fire has marked the fighting during the day. American gunners have been at work in the general bombard-ment that has been going on and have again set buildings in Montdidier in flames. Here and there, there has been patrol en-gagements but these fights have not approached the magnitude of a battle at any point.

A daring raid on the Austrian base at Pola has been made by Italian units and an Austrian battleship of the 20,000 ton type has been destroyed. The Italian naval forces were aided in their operations by the cooperation of an aerial squad-ron. It has been announced from Washington that an official order has been issued by the Soviet government of Russia calling for the formation of an army that will fight for the security of the Russian republic which has been menaced by the aggression of Germans.

Arthur J. Balfour, British sec-etary for foreign affairs discus-sing in the house of commons the now famous letter written by Emperor Charles of Austria to Prince Sixtus of Bourbon, said that Great Britain is prepared to consider proposals of peace from the central powers, pro-vided they are put forward by an accredited person in a straight-forward manner. He de-clared that no offers thus for-made by Germany and Austria had been in the interest of fair and honorable peace.

CHILDREN INSTANTLY
KILLED BY TRAIN

BURLINGTON, Ia., May 16.—Three children were instantly killed, the mother of one seriously injured and one man badly bruised when Rock Island Train No. 56 crashed into an automobile three miles north of Burlington this evening. The dead are: Ar-sula Leasch, Kathleen Bosch and Opel Gustafson, all ten years old and living here. Mrs. Opel Gus-tafson was brought to a local hos-pital and her condition is critical. Her husband was driving the ma-chine and while considerably bruised is not seriously hurt. The car was demolished. Engineer Champlin and Conductor Hensley of the train are from Cedar Rap-ids, Iowa.

ENEMY ALIEN IS
CAPTURED IN IOWA

DES MOINES, Ia., May 16.—Otto Greenburg, 33 years old, en-emy alien, a sailor on the former German steamship Vaterland, and who escaped after the crew of that vessel had been ordered interned, was captured at Carroll, Ia., by federal agents from Des Moines.

This was learned here today up-on the arrival of a presidential warrant ordering Greenburg's in-terment for the duration of the war.

The German sailor had been in Nebraska and went to Carroll when, he says, he was threatened with mob violence if he did not subscribe to the Red Cross. Fed-eral agents charge him with mak-ing pro-German statements.

CONVENTION OPENS

New York, May 16.—One hun-dred and twenty-five delegates representing leading livestock markets of the United States at-tended the opening here today of a three days' convention of the National Livestock Exchange of which W. B. Tagg of Omaha, Neb., is national president. At to-morrow's session Food Adminis-trator Hoover is on the program to deliver an address. Today's ses-sion was routine.

SIX CENT FARE;
GAS AND ELECTRIC
RATES INCREASED

Affects Number of Il-
linois Cities, Includ-
ing Jacksonville

SPRINGFIELD, Ill., May 16.—Rate increases for gas and electric service and advances in street car fares allowed in an order entered today affect a number of Illinois cities served by the utility companies of the Illinois Traction System. Proposed increases for street light-ing were denied.

A six cent street car fare was established at Jacksonville and Cairo. Tickets were eliminated and a straight five cent fare fixed at Danville, Decatur, Champaign, Urbana, Bloomington, Quincy and Carbondale. Both Jackson-ville and Cairo an arrangement was approved whereby 20 tickets will be sold for one dollar.

Increases of from ten cents to 25 cents per 1,000 cubic feet for the first 5,000 cubic feet of gas consumed monthly were allowed as follows: Decatur ten cents; Danville 20 cents; Champaign and Urbana and Galesburg 25 cents. At Jacksonville the old rate was \$1.05 for the first 2,630 cubic feet of gas consumed. The new rate established by the com-mission is \$1.30 for the first 5,000 cubic feet.

Advances in electric rates varied greatly as fixed by the commission and cannot be referred to except as they relate to particular cities. The new schedules for residence lighting affect cities as follows: Bloomington and Normal—Increase approximately one cent per kilowatt hour.

Danville—No increase up to 1,000 kilowatt hours; over this amount, increase one cent per kilowatt hour.

Decatur—Increase one cent per kilowatt hour.

Jacksonville—Increase for the first 50 kilowatt hours, 1.2 cents; all over 50 kilowatt hours, nine-tenths of a cent.

Cairo—Increase for first 50 kilowatt hours, one-tenth of a cent; second 50 kilowatt hours three-fourths of a cent. When more than 100 kilowatt hours are used a decrease of one-fourth of a cent per kilowatt hour is operative.

Madison County Light & Power Company—No change in rates for 40 kilowatt hours; next 120 kilowatt hours a decrease of two and one half cents; all over 150 kilowatt hours, decrease of four and a half cents. Increases were allowed in some other electric rates. The proposition of the company to increase the mini-mum bill per month from 50 to 75 cents was disallowed by the commission.

The rate case of the Peoria branch of the company is being considered apart from the others and is still pending.

GERMAN AIRPLANES
FAIL TO REACH PARIS

PARIS, May 16.—Two suc-cessive attempts to reach Paris were made by two distinct groups of German airplanes last night. The first group after dropping bombs eighteen miles south of the point where they had crossed the line, regained their base shortly before eleven p. m. A few minutes later a second group of four airplanes crossed at about the same spot and headed southwestward. This group was headed off after it had covered a distance of thirty miles. The machines belonging to it dropped a few bombs which fell in fields.

AMERICAN HEAVY
ARTILLERY ACTIVE

WITH THE AMERICAN ARMY
ARMY IN FRANCE, May 16.—By the Associated Press.—Several fires were set in Montdidier and behind the German lines by the American 60 caliber guns. En-emy communications are contin-uously battered by the American heavy artillery and the aerial services on both sides are active. The infantry, however, has not been engaged. The Germans are using searchlights every night. French officers give high praise to the American artillery units for their accurate work. Two German airplanes were brought down yes-terday by French aviators in this sector.

AVOIDING WASTE OF PUBLIC MONEY.

In these times, when expenditures for governmental purposes necessarily are increasing at a startling rate, there is a tendency on the part of not a few officials to spend money more lavishly than conditions warrant. This constitutes one of the serious dangers against which the taxpayers must be on their guard. Fortunately there are some public officials who are awake to the need for retrenchment and economy in this great crisis.

Omar H. Wright, director of finance in the administration of Gov. Lowden of Illinois, is an official of this kind. In a recent communication to all the departments and divisions of the state government he calls attention to the abnormal situation and gives an earnest warning against extravagance.

In some quarters, says Mr. Wright, there seems to be a disposition to treat the appropriations by the general assembly as sums that the legislators have directed the officials to expend. With respect to this attitude Mr. Wright offers the wise comment: "A faithful, energetic, capable public servant is not judged by his expenditures, but rather by his accomplishments, and a wasteful expenditure never spells efficiency. An appropriation made to any activity in the state is simply a trust fund intrusted to the managing official, and an honest, careful trustee watches the expenditure of other people's money more intently than he does his own."

Individuals, Mr. Wright adds, are obliged to do without much that formerly was thought to be necessary. Government agencies in these trying times sooner or later must take the same attitude.

Mr. Wright does more than offer advice. He serves notice that as head of the state department of finance he will refuse to approve vouchers in cases where there seems to be a disposition to create needless new positions or to expend funds for other than necessary purposes.

The Illinois state department of finance has outlined a policy that ought to be followed by all tax spending bodies—Chicago Daily News.

ARE YOU READY?

Swave salesmen will call upon you during the coming week in an endeavor to interest you in the greatest corporation the

world has ever known. It is a business which is going to pay you no dividends in money. It is a concern which is going to ask you to give, outright, with no expectation of monetary return. The name of this business is Humanity. The concern which is promoting it at this particular time, is the American Red Cross.

The question of "Will you give?" has been dropped. It is obsolete and useless. "How much are you going to give?" has taken its place and it is timely and to the point.

Are you ready for the call of the salesman? Have you taken stock of your funds and decided how much you can spare? And after you have decided, have you added a little more?

Humanity is a quality in the world worth living for. And being worth living for, it is worth giving for. Without it, America—ad natione—would be Germany bound down by the aspirations of a man or clique of men. Without it we would be far better off in the days of the middle ages. For in those times, there were no modern weapons with which a single man could vent his hate upon a struggling world.

Humanity must live. While the boys are fighting for it on the battlefields, the Red Cross is struggling to save it behind the lines and in the cities and towns of the war stricken countries.

The Red Cross embodies the love for man. It is an organization which grows strong thru that love. How much will you give? In other words, how much of this quality of love for mankind is within you. Your contribution to the Red Cross will show.

THE PRIVILEGES OF HOUSEHOLDERS.

Sometimes housewives complain because of the difficulty in using substitutes in the making of bread. Then there are members of some families who find fault with the "substitut breads" and think that the armies of the allies instead of ourselves should be trained to eat corn products. To all these people the following paragraph from a Chicago paper can be commended:

"People who complain because they are unable to get some little luxuries should remember that our forefathers lived without sugar till the thirteenth century, without coal till the fourteenth, without butter till the fifteenth, without tobacco and potatoes till the sixteenth, without tea, coffee and soap till the seventeenth, without umbrellas and lamps till the eighteenth, and without trains, telegraph, telephones and gas till the nineteenth."

LOOKING MORE TO ESSENTIALS.

The general assembly of the Presbyterian church is in session at Columbus, Ohio. Consideration of the subject of organic church union will constitute a prominent feature of the proceedings, a measure designed to unify all evangelical churches of the U. S. and to drop denominational names and unite under the name of "The Church of America" will be introduced. In this connection it is not probable that there will be the unanimity of opinion favorable to such a marked change as this proposal makes, but it is safe to say that there will be many more advocates of the proposition than would have been true a few years ago.

The times are tending toward co-operative effort on the part of the churches and matters that have in the past seemed insurmountable barriers are gradually disappearing. As the war continues it is quite likely that there will be a growing tendency toward church union, for conditions emphasize the special need for amalgamation of effort along church lines. The more important things are overshadowing the lesser.

FOR THE HONOR OF ILLINOIS BUY A STAMP.

Friday, May 17th, has been set aside by the War Savings Committee for Illinois as War Savings Stamp Day.

For the honor of Illinois every resident of the State who possibly can do so is urged to purchase today at least one of the \$5 War Savings Stamp.

"In Illinois in the War Savings Campaign," says the statement, "has not taken the leading place which the State's patriotic record in the Civil War, the Spanish-American War, the Red Cross and Liberty Loan campaigns, demands. Illinois is far behind

HE AND YOU

While the boys are hunting Heinties where the flammerwerfers whine And machine guns spit around like leaden rain Give a cheer, applause and holler, but above all give a dollar

When we pass the hat for Red Cross work again.

Every night there in the ditches, on the craters, in the saps, There's the boy who slipped through hell the night before. He is fighting for you daily, with a heart responding gaily And he's asking you to do a little more.

When a lad is lying wounded on the field or down the hole, Bandages are needed badly, by the score; There's bacteria and tetanus fighting hard and sometimes getting us. So he needs the Red Cross stuff, and needs it more.

And he just forgets his rations when the shrapnel hits a wing But bully beef and biscuits are no treat Yet when he is safely going to the hospital he's knowing How the Red Cross gives the dainty things to eat.

Say, I've been through all the horror and I've lots of things to say If among the stinky slackers you are found; But believe me there's no other like the splendid Red Cross Mother, So come across and smile when she comes round. —Sergeant Matthew Wayman, Canadian.

many other states in per capita sales of War Savings stamps. For the honor of Illinois every resident is urged to purchase on Friday, May 17th, at least one \$5 War Savings Stamp. Six million more of these stamps must be sold at once if Illinois is to be placed near the top of the list of states, where it belongs.

"Illinois is behind. It must catch up. Millions of pledges signed this week throughout the State will keep Illinois in the lead if the people of the State will turn out today as they should and purchase a \$5 War Savings Stamp, one for each resident of the State.

"The stamps may be obtained from any mail carrier, any post-office or any postal station. They may be obtained in almost every store in Illinois. They are so easy to purchase that no one can complain of lack of opportunity to purchase.

"For the honor of Illinois buy a stamp on Friday, May 17th. And for the honor of the State buy as many as you can."

The news that comes from over the seas oft makes my face with fear grow pale, and I can feel my tooties freeze, while I pursue the dismal tale. I read how Teuts have pushed a wedge right thru the allies, deep and wide, and I exclaim, "It's time to charge—the tail is going with the hide. Some moons ago I used to hide. Some folks said the Teuts would win; but at this hour I bet are off and here's where hedging must begin." My wife remarks, "Don't talk that way when you are mingling with the bunch; you might dishearten some poor Jay, and make him think we've lost our punch. You know as well as I do, James, your lamentations are a fake; we'll lose, perchance, a brace of games—the series we are bound to take. What if our armies sometimes slide, and lose a hill, a tor or tarn? You know we'll get the Teuton's hide, and not I bet to the barn." Thus shamed by my Amanda Jane, I shooed my doctored fears away, and so kerwhooping down the lane, to make the neighbors feel more gay. Men stand around and sweat and quake when news of evil luck arrives, but there is nothing that can shake the Spartan courage of their wives. Oh, woman, in your hours of ease, you --- bridge whilst for fun or tale, but when the war flags lift the breeze, you shame the rabbit hearted male.

A SIGNIFICANT POSTER

One of the most significant of the various posters which have been sent for Red Cross advertising has this word which appears below an appropriate Red Cross design: "While someone gives a life what are you giving? Think a minute. All of the Red Cross war fund goes for relief."

And speaking of posters, the collection that has been sent for the local committee is indeed notable. T. M. SHELL FROM FRANCE.

Mr. and Mrs. Thomas Hale yesterday received a large shell from their son, Lawrence Hale, now with the American Expeditionary forces in France. Lawrence left Jacksonville with old Co. B but soon after arriving at Camp Logan he transferred from the infantry to the artillery, and is now with an artillery unit in France. The shell on it has a timing arrangement on it as there are various rings which resemble the combination on a safe and it is probable that these combinations on the shell time its explosion.

ALL COUNTRIES AND ALL CLIMES.

The flag of the free on ocean's wave Whose stars glitter over the brave.")

Helped to Cement Union.

The stalwart patriotism of the martyrs of Andersonville helped to cement the Union, so that today we have a united nation of 100,000,000 people to meet the great crisis through which we are now passing, and the flag they died to save will yet wave in triumph over the ramparts of the foe of civilization which is spreading death and desolation with fire and sword over nearly all the countries beyond the sea. And their martyrdom meant that, in the words of the immortal Lincoln, this "government of the people, by the people, and for the people, should not perish from the earth," and that every man, regardless of creed, color or previous condition should have an equal opportunity before the law, and the inalienable right to life, liberty and the pursuit of happiness, as enunciated by the greatest document ever penned by mortal man, the immortal Declaration of Independence.

The following mortality report was taken from the Confederate records and refer to the year 1864

In April, 1 out of every 16 died.
In May, 1 out of every 26 died.
In June, 1 out of every 22 died.
In July, 1 out of every 18 died.
In August, 1 out of every 11 died.
In September, 1 out of every 3 died.
In October, 1 out of every 2 died.
In November, 1 out of every 3 died.

Think for a moment of this fearful record as drawn from the books kept by the Confederate government. It is the evidence of the Confederates, not mine, nor that of the Union officials.

In September alone, out of nine men, 3 died, leaving 6.

In October one-half of the 6 died, leaving 3. In November one-third of the remaining 3 died, leaving 2. In other words, in three months, out of nine men, 7 died, leaving as survivors only 2. Can human brain comprehend a horror more dire than this black record? And it is amazing to think that any are left to tell the story of that awful period when men were put to the supreme test of patriotism and the cause of human freedom. More men perished in Andersonville than were killed on six of the most bloody and devastating battlefields of that fearful strife from Sumter to Appomattox, 1861 to 1865. Listen to these figures:

Gettysburg, killed, A. 3,070
Spotsylvania, killed, 2,725
Wilderness, killed, 2,246
Shiloh, killed, 1,754
Stone River, killed, 1,730
Chickamauga, killed, 1,656

Total, 13,181
Died in Andersonville, 13,714

Each State Furnished Quota.

Incredible as this may seem to the young people of this day and generation, it is most startlingly true. The appalling figures show I repeat that 553 more men perished in Andersonville than were killed in six of the greatest battles of the civil war. Every state in the Union was represented in that modern inferno, and each furnished its full quota to the Grim Gleaner as he came along with his remorseless sickle. Illinois gave 9-8 as pallant boys as ever stepped to the music of the Union march, and although their statues find no place in the hall of fame, their records are indelibly inscribed on the tablets of the nation's memory and are written high on the scroll of enduring fame that will last as long as men love liberty, justice and equality before the law.

They who died on that sacrificial altar met death in a more bitter agony than those who died found on any battle field—death that came from exposure, of cold that froze, of heat that scorched and withered—death came of famine, of hunger unappeased, of thirst unsatisfied—death that came of infection from filth, from putrid food, from a stream of foulest pollution, soil and air infected with germs of disease. It was the millions—death that came of disease and pestilence from which there was no escape, with unsurmountable prison walls—death that came of cruelties born of sectional hate—death that came of idocy and of insanity, of madness begotten of hope sickened into despair, bruised and cursed, eaten by vermin, infected by putrefaction by gangrene—death in an abyss of pain, pain of the flesh, of the brain, of the immortal soul. I do not say it boastfully but I endured, and experienced the tortures described here, and lived long enough after to start a movement to build a monument to perpetuate the memory of my comrades from Illinois who perished there. And on

that granite and bronze memorial are these words:

Words on Bronze Memorial.

"We here highly resolve that these dead shall not have died in vain; that under God, this nation shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth."

And "The mystic chords of memory, stretching from every battle field, to every patriot heart and hearthstone, over all this broad land, will yet swell the chorus of the Union when touched, as they surely will be, by the better angels of our nature."

The bitterness of those terrible days engendered by war have been obliterated by time the great healer, and the remnant of the great army in blue who marched and fought under Grant, and the gray legions who followed Lee to Appomattox and furl the banners of the Lost Cause on that far off April day in '65, today meet on a common level, and all recognize Old Glory as the one and only mystic symbol of Columbia, the brightest gem in the galaxy of all nations of the earth. (Applause.) "No more shall the war cry sever. Or the winding rivers be red; They banish our anger forever When they laurel the graves of our dead."

Under the sod and the dew, Waiting the judgment day; Love and tears for the blue, Tears and love for the gray."

When you sing "The Star Spangled Banner" and look with love and veneration upon its shining folds with a star decked field of blue, think of what it cost to keep it in the sky, and remember that by eternal vigilance only can it be kept as we have passed it down to you, for at no distant day will devolve upon you the responsibility of government. And remember, also, that the free school system you are enjoying today is the bulwark of the nation, and our flag the symbol of all that is best in human life, and that it is worth living for, and worth dying for, as did 400,000 loyal sons of the north during tragic days of the civil war. Genuine patriotism is the bedrock on which rests the hope of the nation. Lip loyalty is all right in its place, but it takes more than that to keep the flag in the sky. It takes nerve, brain and brawn, and courage and a willingness to die, if necessary, just as did the thousands who perished in Andersonville and who passed through the furnace of a hell of hate, born of sectional prejudice, rather than see it dishonored by those who, for centuries, had lived and thrived on the sweat of the black man, and the black mammy, and those who followed along the highway of human bondage, till the great emancipator, with the stroke of his pen, struck the shackles from the manneled slave, and made the flag the banner of the free, indeed, and no longer a flaunting lie, which it had been up to the day that Sumter was fired upon by those who mistakenly fought for "the divine right of human slavery."

Triad by Military Court.

At the close of the war Captain Henri Wirz, commandant of this notorious prison, was tried by a military court on the charge of willful murder and was condemned to death, his execution taking place in the old Capitol prison at Washington, D. C., November 10, 1865. Wirz was a native of Switzerland and before the war had been a practicing physician in the state of Louisiana. When he passed through the portals of Gehenna his satanic majesty immediately resigned as the boss of the lower regions and turned everything over to the late commandant of Andersonville prison.

Providence Spring.

Early in that blighting, scorching, withering month of August, 1864, when men were dying like flies from heat, thirst and starvation, just after a terrific tropical storm that shook the earth, a spring broke out just under the dead line and from it came a volume of as sweet and pure water as ever gushed from the earth. Many thought it was an act of God in answer to the prayer of the famishing thousands in that castle of death, and we named it "Providence Spring." I drank from it at that far off time, and again in 1912, on my last visit there while assisting in dedicating the Illinois monument erected to perpetuate the memory of the martyrs from this state. In 1901 a pavilion was erected over the spot where this everlasting spring abides, and was dedicated on Decoration Day of the same year with appropriate ceremonies. A bronze tablet says:

"This pavilion was erected by the Woman's Relief Corps, auxiliary to the Grand Army of the Republic, in grateful memory of the men who suffered and died at Andersonville, Ga., from February, 1864, to April, 1865."

"The Prisoner's cry of thirst rang up to Heaven."

God heard and with His thunder cleft the earth

And poured His sweetest water gushing there."

An Unfaltering Devotion.

With great pity for their suffering, but a far greater admiration for their unfaltering devotion will their records last till the mountains are worn out, and the rivers cease to flow, their memory will be kept in the national book of remembrance for death did not afflict them, nor fear subdue them, nor could famine break their incorruptible spirit. "Nor will their memory be forgot While fame her record keeps, Or honor points the hollowed spot Where valor proudly sleeps."

With this brief account of my experience, and the experience of many thousands of others in Andersonville during the great crusade for human freedom in the tragic days of the red tempest, I return my thanks to those of you who may or may not be interested in what I have said on a subject that has nothing but bitter memories, fifty-three years after the curtain fell on the closing scenes of the crimson drama of fire and

sword, wealth and desolation, a restored Union and a flag cleansed from the foul stain of human bondage.

THE HOSTAGE

Wallace Reid is one of the most popular male stars on the screen today. He first attracted attention for his remarkable acting in "The Birth of a Nation." When a fitting "Jose" was desired for Geraldine Farrar's "Carmen," Mr. Reid was selected for the part. Again he appeared with Miss Farrar as Eric Trent in the great masterpiece, "Joan the Woman." His physical prowess, quite as much as his perfection of feature, has made him steadily advance in popularity, until without question he is one of the biggest stars appearing in Paramount pictures.

NOTICE!

One per cent of all of our collections from our entire system for the month of May on all accounts made prior to May 1st, will be contributed to the RED CROSS. This contribution to go in the local Red Cross chapter where the collection is made. This is an opportune time to help the Red Cross, whose needs are more pressing than ever before on account of the number of soldiers that we are sending over the seas. La Crosse Lumber Co.

Social Events

Ladies' Aid Enjoys Birthday Social.

The May birthday social of the Ladies' Aid of Centenary church was held in the church parlors Thursday afternoon with a good attendance. The afternoon was spent in sewing for the Red Cross. Refreshments were served by the hostesses who were: Mrs. William Wilkinson, Mrs. James Cridland, Mrs. M. D. Rapp, Mrs. Anna Norton, Mrs. Mary Leslie and Mrs. Anna Baldwin.

Patriotic Dance at Peacock Inn.

Last evening a number of young ladies, some fifteen in all, gave a patriotic dance at Peacock Inn in honor of some young gentlemen who are soon to join the colors. The hours were very delightfully spent and all enjoyed themselves to the utmost. Among the young ladies especially interested in decorating the hall were Misses Loretta Piepenbrink, Frances Leck, Helen Leach and Lulu Belle Hildreth.

Parent-Teachers' Association Meet.

The Parent-Teacher association met Thursday evening at the Josephine Milligan school. Mrs. Ollie Parker gave a talk on the Parent-Teacher association. Mrs. W. D. Roberts spoke on Thrift Stamps. Mrs. A. L. Adams presented the flag which was won by the children for the sale of the largest number of Red Cross seals per capita. The flag was received by Charles Hopper, who responded by the recitation of a poem. He then sang America and held the flag as the children arose and sang. Following the presentation of the flag a wand drill was given by the children of the school. Supt. H. A. Perin made a few remarks on the benefits of the school. The president of the board of education, Julian P. Lippincott, also spoke, giving a few words of greeting to the children and those present. After the program the children and others present went upstairs to the dining room, where frappe and cookies were served.

RED CROSS KNITTERS

Mrs. Frank J. Heintz, chairman of the Red Cross Knitting Committee, asks that knitters who have received letters from soldiers through garments sent out by Morgan County Red Cross will kindly communicate with her immediately. The committee wishes the loan of such letters for the compiling of certain data. All letters loaned will be copied, or excerpts taken, and will be returned to the owners.

IMPROVING PROPERTY.
The Hayden property at the corner of West State and Koscisko street, purchased some time since by the First Church of Christ Scientist, is being remodeled. Charles Seymour has the contract and a number of changes are to be made in the interior and the building is to be put into a satisfactory and slightly condition.

BE ON THE LOOKOUT
Two German spies are known to be operating in this vicinity.—Adv.

PLAY TO BE REPEATED.
The Illinois College girls have consented to repeat the little play

which they presented for the women's Club Federation. The play "Miss Adams Makes a Suggestion" by Mrs. Sherman Leavitt, will be given in Sigma Pi Hall Friday, 4:30 for the benefit of Woman's Building Fund. Admission 10 cents.

WILL MEET TODAY.
The Lafayette school will meet at the school this afternoon at 2 o'clock in connection with the children's May day exercises. There will be a special collection for the Junior Red Cross.

Mrs. Florence Anderson of Palmyra made a shopping trip to the city yesterday.

HOW MUCH DO YOU GET "WASTE" SAVE?

THINK IT OVER

Why does anyone work hard for money and then waste it? What you waste, if it were put into the bank, would pile up so fast you could finally invest it in some substantial thing.

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

Who can forget that brassy cry that echoes the arrival of the new baby? Before baby comes the mother should get in condition to meet the crisis. Thousands of women have used the safe and reliable preparation, Mother's Friend during the waiting months, and they relate in how they entirely escaped nausea, nervousness, bearing down and stretching pains and many other debilitating and disheartening experiences which so illy fit the mother for the greatest time in a woman's life. Mother's Friend is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby makes it possible for the expectant mother herself to actually aid nature in how they work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis. Mother's Friend is for external use only. It is absolutely safe and wonderfully effective. It is prepared by the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga. Write them for their "Motherhood Book," so valuable to expectant mothers. Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century, from the druggist today, and thus fortify yourself against pain and discomfort.

Do you realize that every cent of every dollar received for the Red Cross War Fund is spent for War Relief?

The interest which accrues from the banking of funds actually has made available for War Relief one dollar and two cents for every dollar contributed.

"Everything In Hardware"

Our boys are distinguishing themselves by their cleanliness and jovial spirits at the front. They believe in "cleanliness is next to godliness."

It is an important fact that people can get away with a great deal of dirtier work than it is keeping their bodies clean, inside and out. Many thousands of men and women are dying from toxins, poisons to accumulate within the body, and then they fall victim to the "Pellagra, Diphtheria, Typhoid, Cholera, and other diseases, and maladies with special names. The only way to keep thoroughly well is to drink plenty of water and eat good laxative like Dr. Pierce's Pleasant Pellets. Cleanse the system, made as easy as taking the "Pellagra Pills." Dr. Pierce's Pills are made of May-apple, leaves of clove and Alap. They are the best medicine for the "Pellagra" take. It is most beneficial if "Pellagra" are taken at least once a week. It is the best medicine for the "Pellagra" of the toxins or poisons, bred in the intestines. These poisonous bacteria are washed out of the system. The victim feels tired, sleepy and nervous, or the brain doesn't work as usual. The head aches, the eyes are sore. Fumes or boils break out on the face or neck. This is a danger signal. It is time to go to the nearest drug store and obtain a twenty-five-cent box of Dr. Pierce's Pleasant Pellets. It is a good idea to keep a box of these pills for a century just the best known liver pill. They

Must Exceed Quotas.
Various questions were asked
and answered in an informal way.
The workers all expressed their
confidence that there would be lit-
tle difficulty in securing the quo-
ta, as the people are for this cam-
paign. Mr. Dunlap in his remarks
laid particular emphasis upon the
fact that the county quota of \$45,-
000 should be considerably ex-
ceeded, particularly because Mor-
gan county did nothing toward
raising the \$25,000 allotted to it
last year. No precinct in the coun-
ty should be satisfied to raise sim-
ply its allotment because there
will be districts in some parts of
the U. S. where the expected quota
will not be met. If there had not
been surplus in other localities a
year ago it would not have been
possible to take care of the defi-
ciency of \$25,000 resulting from
the failure of Morgan county to
raise this amount.

It was made clear by all the
speakers and by the workers that
a list must be kept of persons who
refuse to subscribe to the fund and
their reasons. This will be main-
tained as a matter of record for
the state council of defense. Ev-
erybody will be expected to give
something, even if it is not more
than ten cents, and the person in
comfortable circumstances who
declines to give or who makes a
very small contribution will be
likely to have some embarrassing
questions asked later on. How-
ever, the committees are not an-
ticipating any difficulties in this
campaign in securing the quota
and more and the records of those
who do not give will be kept, par-
ticularly as a matter of value at
some future time.

Members of the Jacksonville
band are rehearsing for the big
Sunday meeting and the members
told Chairman Crabtree yesterday
that they were mighty glad of the
opportunity to donate their ser-
vices and to thus take part in this
important war time campaign.

Some Great Decorations.
The managers of the Opera
House have donated the use of the
building for the Sunday service
and also for a meeting next Wed-
nesday night. They are making
no charge at all for the use of the
Opera House and for Wednesday
night have donated the picture
show and vaudeville scheduled
for that date. The committee es-
pecially appreciates this action.
Curtis Copp and Lloyd Reid went
to Springfield yesterday to secure
some additional decorations for
the Opera House. They have al-
ready secured a large number of
flags and some emblems from
Jacksonville people but there
were some special decorations
that they were able to borrow in
Springfield. These two men with
their assistants, have promised
that the Opera House will be a
patriotic revelation in the matter
of decorations for the Sunday
meeting.

Today Boy Scouts will visit the
homes of persons who have flags
and who have expressed a will-
ingness to lend them to the com-
mittee for Opera House decora-
tion. The boys will get the flags,
which will be carefully marked
with the owner's name and will
later be returned.

| Prentice | 837.00 |
| Sinclair | 837.00 |
| Waverly | 2,509.00 |
| Woodson | 942.00 |
| Total | \$45,000.00 |

HOW THE APPORTIONMENT WAS MADE

This apportionment was arrived
at as follows, as explained last
night to a company of county
workers by F. J. Heint. The \$35,-
000 War Fund was first apportioned
among the several districts
according to population.

It being recognized that this
method of apportionment is hardly
fair to a few sections of the coun-
ty where the people are not so
able to contribute as in other sec-
tions, a few districts were reduc-
ed and the amount of the reduc-
tion apportioned to richer dis-
tricts. These changes amounted
to a total of \$542.00. In order
that the City of Jacksonville
should carry its full burden as
compared with the rural districts,
its quota was increased ten per
cent and the quotas of all dis-
tricts outside the City of Jackso-
ville, except Waverly, were reduc-
ed proportionately. In the mat-
ter of the apportionment of the
\$10,000.00 Chapter Fund it was
recognized that those precincts
having branch chapters, Chapin,
Concord, Franklin, Litterberry,
Lynnville, Meredosia, Murrayville,
Waverly and Woodson, having al-
ready raised considerable sums for
the purchase of wool and supplies
should not be charged with any
part of the \$10,000.00 fund except
a minimum charge to meet ex-
penses of operation, campaigns,
etc., so each of these districts was
charged with \$50.00 and the City
of Jacksonville with \$550.00 for
expenses.

Districts Without Chapters
This left \$9,000.00 of the Chap-
ter Fund to be apportioned and
that amount was charged to the
City of Jacksonville, the four out-
lying districts in Jacksonville pre-
cinct and to those precincts where
there are no branches; \$6,-
000.00 of this amount was charg-
ed to the City of Jacksonville and
the remaining \$3,000.00 was
charged proportionately to those
districts having no branch chap-
ters. In this manner no precinct
having a branch chapter where
funds have been already collected
and expended for Red Cross work
is charged with any part of the
\$10,000.00 fund except the mini-
mum expense charge, but all of
the fund except \$450.00 is charg-
ed to the City of Jacksonville and
the districts wherein no organ-
ized effort has heretofore been
made for the collection of funds
for Red Cross work.

Jacksonville City and those dis-
tricts which have no branch chap-
ters are charged with \$9,550.00 of
the \$10,000.00 Chapter Fund.
Each of the nine branches is
charged with \$50.00 for overhead
expense and one-fourth of the
\$50.00 goes back to the branch
for local use.

Thruout the county groups of
women have been purchasing sup-
plies for hospital garments. Jack-

A TRIP TO THE KAISER.

Remarkable Account of an Imagi-
nary Journey by a Little Girl
11 Years Old.

The following remarkable
letter was handed the Journal
office by the teacher of the com-
poser, Dollie Roberts, a child
eleven years old. New doubtless
the readers of the Journal will
feel as the writer felt that a child
of that age would hardly write
such a story and he called up the
principal of the school and ex-
pressed his opinions. The lady
said it was indeed an unusual
production but from what she
knew of the little girl, what she
had done in other ways, her stu-
dious and reading habits and her
reputation and that of her
parents for truthfulness, led her
to accept the production as
honestly original.

Imagine my surprise when I
received a telegram from Presi-
dent Wilson bidding me to re-
port at Washington in five days!
I was delighted to think that I
should see the President.
I went to Washington by rail
it was not a wearisome journey,
however, for I was thinking of
what I was going to do. I was
told to go to the White House,
and to the President's private of-
fice. There he told me that I
was to go straight to Berlin. Then
I was to go straight to Berlin and
see the Kaiser. I was to give him
a message when I got there.
I was given a khaki regula-
tion uniform. He said that I
could go by water or air. I chose
to go in an aeroplane. The avia-
tor was a handsome young man.
He warned me of the dangers,
and gave me instructions as to

what to do in case of accident.
We started and when we were
over New York Bay we saw a
tiny speck. I was glad to know
that it was one of our battle
ships.

We flew almost to the water.
We saw a periscope in the dis-
tance. The aviator opened the
throttle and went faster. It was
a German submarine. He told me
how to hold on. Then he threw
a bomb and struck the peris-
cope.

Quickly we flew higher. With
a terrible explosion the subma-
rine was gone.
"One Sub gone," he remarked.
Just then we were over the fields
of Ireland. We were out of oil.
We alighted in a barren field and
bought the oil in a nearby vil-
lage.

I, wondering at his skill, asked
"How do you do it?"
He didn't answer. His gaze
was fixed on a distant cloud. It
was the sign of a hurricane.

"We must alight in France,"
he said. But it was too late. A
yellow haze overspread the land
and dimmed our vision. We were
over Hamburg. Germany now.
We alighted in a shell torn field
and buried the aeroplanes so that
the Germans couldn't find it. We
made our way to Berlin. I went
to bed. The hotel where I slept
was not a nice one. They had
searchlights playing over the
sky, watching for American
aeroplanes.

I went about amid the throngs
of people. I could hear them
talking and abusing the Ameri-
cans.

I went to the Kaiser's palace as
a German peasant. He thought
that I was a military spy. I was,

and I knew it. But finally he
did not think so. I gave him the
message.

"Himmel!" he exclaimed. "My
fine U-boat is mine. Ach! In
prison you shall be placed, Ach
Himmel, bad luck!"

I went to my room and there
burst into a gale of laughter. I
sent a message to President Wil-
son. It read, "Dear President, I
have landed safely in Berlin."

It was not truly written. The real
meaning was, "Two U-boats
for New York Bay."

I passed inspection safely. I
was then told to go to the army
as a peasant woman and get the
number of men in the army.
Now I was rudely awakened at
midnight one night, and asked if
I was the woman sp. No. 2630.
Altho I was, I told them no.

I was wounded twice while
making an estimation of the Ger-
man fleet. They thought I was
going to die the first time.

I went home by water, as the
airman that had taken me there
had been killed. I had to have
fifteen passports. I arrived home
and received a gold medal for
bravery.

I was considered as a heroine
by the children. I was proud of
what I had done.

Clang! Clang! It was the ring-
ing bell. I had been dreaming!

This test will save you this disappointment

Before you buy window shades
again, make this test. You can tell
whether a shade will give you the real
service you have a right to expect or
whether it is another of the kind that
makes it impossible to keep your
windows attractive.

If you fold the ordinary shade
material tightly, its "filling" of chalk
and clay drops out. You can see
cracks and countless pinholes! (See
photograph No. 1 above.) The little
strains of everyday use would cause
just such disfiguring holes—once these
shades were at your windows.

Now fold Brenlin! Not a crack
or pinhole in it! (See
photograph No. 2)
Brenlin will hang
smooth and straight at
your windows; it will

wear and wear long after an ordinary
shade would have to be discarded be-
cause it contains absolutely no "filling."
Its base is a finer, more closely woven
cloth, especially prepared to give you
the most durable shade material it is
possible to make. Rain will not spot
it; sun will not fade it.

We have the genuine Brenlin (the
name perforated on the edge of the
cloth) in a number of rich colors and
in Duplex—one color on one side, a
different one on the other.

Let us plan with you for more last-
ingly attractive window effects. In the
long run, this long-wearing shade ma-
terial is by far the most
economical—and think
of the disappointment
and trouble it will save.
Come in today!

PRESS CLUB WINS FROM POSTOFFICE

Takes Twilight League Game By Score of 11 to 3—Game Featured By Hurling of Pierce of Press Club—Also Stars at Bat.

The Press Club defeated the Postoffice team in the Twilight League game at State Hospital grounds Thursday evening by a score of 11 to 3.

The game was featured by the pitching and hitting of Pierce of the Press Club. He also was accorded good support by his team mates, the work of Fitch behind the bat being especially praiseworthy.

The Press Club has a strong lineup this year, with DeFries, Christopher and Alvies on the infield and Fitch and Pierce for a battery. The Postoffice also has a good lineup as Riggs and H. Day of the Indians appear in the batting order.

SERGEANT WEYMAN HAS NOTABLE WAR RECORD

Canadian Soldier Coming to Morgan County for Red Cross Campaign Knows What Real Service at Front Means.

Chairman Crabtree of the Red Cross campaign committee has announced that Serg. Wayman, a wounded Canadian soldier, who gave valued assistance during the liberty loan campaign will come to Morgan county to help with the Red Cross campaign.

Sergeant Matthew Wayman, Canadian Expeditionary Force, was a Toronto newspaper man, on the editorial staff of the Toronto Evening Telegram, at the outbreak of the war. Aitho a Socialist in his ideals, he enlisted and during his twenty-five months of active service was twice wounded and suffered thru asphyxiating gas.

After being buried in a German dugout over Vimy Ridge, he was shot in the thigh and wounded in the head and after treatment in various English and French hospitals, where he wrote many articles on the doings of the Red Cross, he was sent back to Canada for further convalescence.

Since his discharge from Whitby, Ontario hospital, he has devoted his time to writing and lecturing. His education at McGill University and on many newspapers gave him the faculty of observing and describing the horrors and humors of war on the Western Front. His native knowledge of the French language admitted him into the inner life of the French people.

His success as a lecturer has brought surprising results. The Under-Secretary of the Treasury declares that Sergeant Wayman

is first in the line of war speakers. Newspapers thruout Canada and in this country have been loud in their praise of his portraiture of the war.

Altho he was offered a Commission on three occasions and has attained higher rank than he now holds, he reverted to the rank of Private in order to get in close touch with the enemy.

The assortment of men's wash neckwear shown by FRANK BYRNS' Hat Store are most attractive.

J. C. Anderson was a city arrival from Franklin yesterday.

Miss Ruth Brady, who is a member of the faculty of the Indiana School for the Deaf at Indianapolis, Ind., has returned home. The school closed early on account of the increased cost of operating. The state of Indiana expects to quarter about 1,000 soldiers in the school buildings during the summer. Miss Bertha Sellmer of Omaha Neb., who is also an instructor at the Indiana School, accompanied Miss Brady, and will visit her for a few days.

All wool is economy Better have it in your clothes

NEXT time you buy clothes, no matter where you go, ask if they're all-wool. Don't be put off without a plain answer. The clothier may say: "You know me; you know I would not sell you anything that wasn't all right;" but that doesn't answer the question.

If he says, "yes," you can't tell, perhaps, whether it is all-wool or not; he may think it is; maybe he doesn't know.

There's only one sure way of knowing what you're getting in clothes this spring, aside from a chemical test of the fabrics; and that way is to buy goods that are guaranteed by the maker to be all-wool and all the rest that goes with it.

We offer you Hart Schaffner & Marx clothes because the makers dare to take a positive ground on the quality question; they don't dodge; they don't keep silent; they're positive in their statement and in their facts. You can depend on them; and us.

An Introduction is Not Necessary

The AVERY Cultivator has made more friends in this territory than any other on the market and every user is a booster, which alone tells the tale.

The real work in using a cultivator is in handling the gangs. This makes it a most important feature to have a lift spring and application right. On the Avery this has been done. The lift spring is double-acting. The ordinary lift spring loses its tension as the gangs are raised. But, with the Avery the pull or tension increases as the gangs are raised and, therefore, does the lifting all the time.

The balance lever provides a perfect balance. The depth regulating lever device is a winner, allowing the operator to change the depth to suit, quickly and as desired with practically no effort. For the convenience of the operator we have a cushion spring which allows considerable adjustment by using the foot pressure when desired. The wheels have dust-proof boxings, long distance, self-oiling axles and are made in our own factory.

This tool is built for extra long service, and to give more and better satisfaction than any other make. We have a stock on hand now to supply all prospective customers and can assure them a price that will make them money. A price that cannot be duplicated by the regular retail dealer as he does not buy and sell at wholesale. This information is something that will benefit you if you see us.

If you intend to use your old cultivator, look well to the shovels. If you are in need we can furnish you new shovels for your cultivator in sets to fit any make.

We are just unloading our third car of Avery Cultivators, and are advising you in time of another increase in price. June 1st Avery Cultivators will cost you \$4.00 more than they do now. Buy before June 1st and save this advance. This is the last car that we can obtain this year as the factory is out.

MISS LUCILLE FARROW INJURED BY AUTOMOBILE

Is Knocked Down at Southwest Corner of Square and Dragged Fifty Feet—Driver, Said to Be Man Named Claywell, Did Not Stop to Ascertain Extent of Injuries.

Miss Lucille Farrow of 232 East College avenue was knocked down and badly bruised at the southwest corner of the square at 3:15 o'clock Thursday afternoon, by an automobile said to have been driven by a man named Claywell.

Miss Farrow was dragged a distance of nearly fifty feet under the car. She was extricated as soon as possible and Dr. Barker was summoned and gave the necessary attention. No bones were broken and unless there are internal injuries no serious results will follow.

The injured woman is 22 years of age and is the daughter of Mr. and Mrs. Albert Farrow. She is in the employ of W. H. Naylor, 214-216 W. Morgan Street. She had started on an errand and had just reached the crossing of Morgan street and its intersection with the square. The automobile was traveling east on Morgan street. It was going at a rapid rate and according to eye-witnesses in the vicinity the driver did not sound his horn. Albert Farrow, father of the girl, was a witness to the accident, and it was a severe shock to him.

When the car was finally stopped the young woman was picked up and taken to the Naylor shop. Mr. Farrow took the number of the car. The driver, however, did not stop to learn the extent of Miss Farrow's injuries but got in the car and drove away.

The number of the car as given by Mr. Farrow to a Journal reporter and to Chief of Police Davis was 36,836. The number as shown by the lists sent out by L. L. Emmerson, secretary of state, was issued to Edward Turner of Kewanee.

The directory does not show anyone of the name of Claywell either in the city or county. There are said to be some families of that name residing in Scott county. Mr. Farrow is positive that he secured the correct number of the car but prob-

HELD FOR ATTEMPTING TO SHOOT NEIGHBOR

Mrs. Otis Painter Takes a Shot at Mrs. Pearl Mudd—Dons Male Attire and Makes Escape but Later Gives Self Up—Other White Hall News.

White Hall, May 16.—Mrs. Otis Painter was taken to Carrollton yesterday for a hearing on a state warrant charging her with an attempt to shoot her neighbor, Mrs. Pearl Mudd. Bond was fixed at \$500.00 and this culminates a rather exciting episode in the affairs of the neighborhood of Grant street. The shooting took place last week.

Just why Mrs. Painter took such a crack at her neighbor did not suffice the upholders of the law in releasing her from blame. It being a woman's quarrel, the shot missed its mark by not taking effect in or on the person of Mrs. Mudd, but the latter regarded the incident sufficient to justify her in swearing out a state warrant for the arrest of Mrs. Painter. On learning of the decision of Mrs. Mudd to bring the law into the case, Mrs. Painter took measures to absent herself, and this she succeeded in doing for a couple of days. She cropped her large growth of hair, donned a suit of her husband's clothes and left home, it being at first supposed she had boarded a freight train on the Burlington. She was gone only a couple of days in the vicinity of Hillview, when she returned on her own account, having decided it best to let the law have its course rather than undergo the difficulties and hardships of posing in male attire, and thus brought to a close a racy incident that promised to become a more important matter for newspaper notice.

Mr. and Mrs. Edward North arrived from Houston, Texas, on Wednesday, and will spend some time among their friends and relatives.

Plans are under way for a most elaborate observance of Decoration day this year. General committees are at work on details, and the ladies are preparing a service flag for the boys of the community now in the service and also for the three who have died.

The plant of the Glacier Ice Co. is being put in running order, after being shut down for over a year on account of litigation. This is quite an important White Hall industrial enterprise, and is now owned by a leading St. Louis capitalist, to whom representations were made by E. S. Barnard, a former manager, as to the importance of resuming operations as a means of adequately supplying all community needs at living prices, and these representations by Mr. Barnard resulted in action favorable to starting the plant in operation by the new owner, who is said to have had little practical idea of what he had in the acquisition of the plant.

Mrs. Laura Pritchett and son Edmund arrived home from St. Louis Wednesday, having spent a month at the Christian hospital, where the little boy underwent an operation for the removal of a pussy growth from his leg by Dr. A. E. Meisenbach, and he is now convalescing following a most painful experience.

Mrs. Sarah A. Higbee is planning to return to St. Louis in a few days with her daughter-in-law, Mrs. E. H. Higbee, where she will remain indefinitely. Her grandson, Dr. Ed Higbee, is rated high in professional circles in the Missouri metropolis.

FROM THE COUNTY AGENT'S OFFICE.

In view of the fact that the U. S. Department of Agriculture contributes to the support of the county agency work, a county agent has the privilege of sending certain classes of matter thru the mail in the penalty envelope. As a general thing the envelope is not so attractive to club members as the regular return envelope of the Morgan County Farmer's Club, yet farmers are asked to give just as much attention to what is on the inside of the penalty envelope as any other class of mail matter. If the bulletin is on farming, it is quite likely sent from this office.

An appeal is sent out to the members of the advisory council of the Morgan County Farmers' Club and to the food administrators in each precinct asking for help in finding farmers who are willing to give the young men enrolled in the Boy's Reserve, a trial. The women who are prominent in the food productive program will also be asked to lend a helping hand. The office is asked to place three young men in each township. Won't you help us out in this matter?

A community effort is recommended as a help in solving the labor problem. Where a farmer is well along with his work and has his corn planted, it is recommended that he help the other fellow who is not so fortunate. This will be like bread that is cast upon the waters which will return after many days and butters, too. In this trying time, let us be neighborly in the true meaning of the term.

Bulletins on standard varieties of chickens are being mailed out to farmers in various parts of the county. A move is on to have 100 hens on every farm, but these 100 hens might just as well be of some of the standard varieties. These bulletins ought to be of interest to every farmer who receives one. The office has been supplied with bulletins on turkey raising, but as yet the county agent has not found any body interested in that branch of poultry raising.

A number of our farmers are interested in bees. Inquiries have been made for bulletins on the subject. In view of the scarcity of sugar, the man who manages bees successfully will find a ready sale for honey. A land flowing with milk and honey always sends well. Good luck to the beekeepers.

Circulars on the Serum Treatment for Hog Cholera and Sanitary Measures to Prevent Hog Cholera were recently sent to all members of the Morgan County Farmers' Club. The members are requested to read these circulars carefully. One of our farmers read these circulars and decided that what ailed his hogs was hog cholera. A post mortem examination by the federal veterinarians confirmed his opinion. When the federal men visited his place, he had put into practice all that was recommended in these circulars, and had done the work in a way that is above criticism. The condition brought forth favorable comment from the U. S. Department officials. Copies of these circulars will be sent to anyone asking for them.

This office will take orders for state, tested seed corn up to June 1st. The administration states that orders will be filled on the same day as received. Do not delay but order now.

PICNIC AT NICHOLS PARK. Thursday was the birthday of Mrs. Gus Henry of the vicinity of Woodson and a number of her friends decided they would help her celebrate it in an appropriate manner. Various places were discussed but finally a picnic at Nichols park was decided on and carried into effect. In the morning the guests began to arrive, and due to the fact that a fine gathering of merry-makers. They received all courtesy from the policeman and others at the park, the weather was perfect and nothing was lacking to make an enjoyable day. They used the playground some, admired the lovely flowers and in various ways put in the hours which passed all too swiftly. A grand dinner was spread and fully enjoyed as baskets bursting with good things were in abundance. Those present were Mr. and Mrs. Joseph Vedder, Mr. and Mrs. Julius Henry and son Wayne, Mr. and Mrs. Orlean Keemer, Louis Sooy and daughter Lorene, Mr. and Mrs. Elijah Henry and son Fay, George Jackson, David Taylor, George Vedder, Gussie Vedder, Mrs. Sadie Vedder and children, Robert and Frona, Dr. and Mrs. Waters and two children.

MISS ETHEL LUCAS IS BRIDE OF C. E. NEWPORT

Well Known Young People United in Marriage Thursday Afternoon at Home of Bride's Parents—Double Ring Service Used

The marriage of Miss Ethel Marie Lucas and Carl Edward Newport was solemnized at 3 o'clock Thursday afternoon at the home of the bride's parents, Mr. and Mrs. W. J. Lucas, on Gladstone street. The service was held by Rev. R. B. Wilson, pastor of State Street Presbyterian church, in the presence of a limited company of relatives and friends. The various rooms of the Lucas home had been very prettily decorated for this wedding event. Roses and the flowers most suggestive of spring were used with artistic effect in the hallway, parlor and living room.

The ceremony was performed in the parlor, where the bride and groom stood before a beautiful floral arch. Miss Maude Miller of Waverly, with her sister, Miss Bertha Miller as accompanist, sang with splendid effect "My Love is like a Red, Red Rose" (Burns) and "I Love You Truly" (Carrie Jacobs Bond). After the vocal selections Miss Bertha Miller played Mendelssohn's wedding march and as these notes were sounding the bride and groom to be entered the parlor from the hallway and stood before the minister. The double ring service was used and the minister made the ceremony very impressive.

The bride wore a becoming gown of white organdie and her bouquet was of bride's roses and sweet peas. Following the hearty congratulations from the assembled company a wedding repast was served and shortly afterward Mr. and Mrs. Newport slipped away and left by automobile for Springfield. They will spend a week or ten days at the home of Mr. Newport's sister at Villa Grove and in Chicago before their return to Jacksonville.

The bride is the daughter of Mr. and Mrs. William J. Lucas, who are long time and greatly respected residents of Jacksonville. Her entire life has been spent in this city and she graduated from the Jacksonville high school in the class of 1917. Mrs. Newport has been identified with various departments of work in State Street Presbyterian church and is a young woman who has the warm admiration of those who know her best, both because of her spirit and ability.

Mr. Newport who has been a resident of Jacksonville for the past two years, came to this city from Centralia where members of his family have long been residents. He is a valued employee of the Jacksonville Journal Co. and is in charge of the advertising work in the mechanical department. He is a young man of splendid characteristics and has won the cordial regard of his associates during his residence in Jacksonville.

Following their return from their wedding trip Mr. and Mrs. Newport will temporarily have rooms at the Lucas home on Gladstone street and plan to begin housekeeping later.

Among guests here for the wedding were Mr. and Mrs. James Miller, Misses Maude, Bertha and Marie Miller of Waverly, Mr. and Mrs. J. W. Lucas, Mr. and Mrs. Edward Young and Robert Lucas of Altam, Mr. C. S. Lucas of Chambliss, Mrs. Margaret Wilcox of Memphis, E. E. Newport, father of the groom was prevented from attendance because of illness.

SANGAMON HAS COW TESTING ASSOCIATION

Dairy Owners Led to Organize by Results of Jacksonville-White Hall Association—Officers are Chosen for Coming Year.

A cow testing association has been organized by dairy owners in Sangamon and Morgan county, largely because of the results attained by the Jacksonville-White Hall Cow Testing association. For several months past owners of dairies in Sangamon county have kept in touch with results here and have manifested a great deal of interest. A meeting was held in Springfield Wednesday night for the purpose of reorganizing the association and to make arrangements to include several herds in Sangamon county. Without being solicited owners of eighteen herds in Sangamon county signed the agreement to become members but as there was not room for all of them only the owners of the largest herds were admitted.

The importance of cow testing work is now realized more than ever because of the high prices for feed. The owners realize the necessity and advantage of eliminating the so-called boarder cows and in keeping only those that are profitable because of their milk and butter fat return. At the Springfield conference, this city was represented by J. A. Hopper, J. Parker Doan and LeRoy T. Potter. Officers for the reorganized association were elected to serve for one year and are as follows:

President—J. T. Potter, Jacksonville, Illinois. Vice Pres.—Joseph Perkins, Springfield, Illinois. Secretary—John W. Vorhees, Springfield, Illinois. Treasurer—J. Parker Doan, Jacksonville, Illinois. Executive committee—A. L. French, Chapin, Ill.; Bruce Burke, Springfield, Ill.; G. L. McCully, Springfield, Ill.

QUIET DAY IN THE CIRCUIT COURT

Court Found for Plaintiff in Suit of Bodsworth vs. Anderson—Court Entries.

Thursday was not a very busy day in the circuit court, although Judge Jones spent several hours hearing without a jury the case of W. T. Bodsworth vs. J. C. Anderson, on appeal. In this case the plaintiff sought the possession of property which had been in the hands of the defendant. The court found in favor of the plaintiff and assessed the damages at \$1200, and appeal was taken.

In the trespass on the case proceedings of J. Frank Carson vs. Simon Fernandez and the city of Jacksonville, motion was made for rule on defendant to give security for costs.

In the partition proceedings of Robert H. Headen et al. vs. William Headen, et al. report of sale and of the special master in chancery was approved.

In the divorce proceedings of Della A. White vs. Squire White, decree was granted on the ground

of desertion.

In the divorce suit of Hard Sheppard against Lenora Sheppard, motion made by defendant for temporary alimony.

RED CROSS UNION MEETING AT CONCORD

Spending evening the patriotic people of Concord and vicinity are invited to a mass meeting in the Christian church of that place, when the principal feature will be an illustrated lecture by Rev. O. Kirkpatrick on "The Ruins of Churches of France and Belgium." The gentleman is well equipped with the illustrations for this address and wherever he has delivered it he has given the greatest satisfaction in every respect as to works of art—choice and lecture excellent.
